WHAT OUR CLIENTS SAY:

"Our office made the switch to Tungsten Medical several years ago when I was taking over CT maintenance. I have been very pleased with their service and availability. They are quick to respond to my questions. They are easy to work with in every aspect, especially when it came to accreditation of our facility. I would highly recommend Tungsten. Their staff is professional, knowledgeable and willing to go the extra mile!"

WHAT OUR CLIENTS SAY:

"This has been a very cost effective and comprehensive service for our practice. Everything we needed to separately take care of in the past..radiation badges, annual physicist, credentialing, service contract, training...has all been handled easily and completely with this one stop contract. I highly recommend David and Tungsten's service."
